

INTRODUCING **CleanOhr**TM

*The Revolutionary,
Uv-Free Antimicrobial
Lighting*

Antimicrobial
Light

EASTERN
TABLETOP

A New Kind of Clean.

DISINFECTION ISSUE:

Current cleaning methods are short-lived, and bacteria begin re-populating the space as soon as cleaning is complete.

THE SOLUTION:

CleanOhr Continuous Cleaning with UV-Free Antimicrobial Lighting. Use of 405nm visible light stops the growth of germs on hard and soft surfaces that are missed with regular cleaning and helps reduce odors.

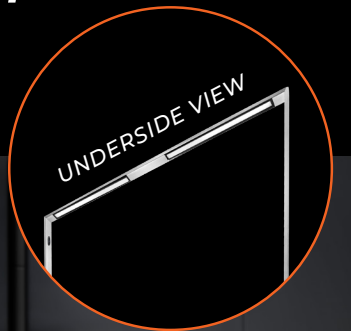

The CleanOhr uses Vyv's patented technology and is the brainchild of Eastern Tabletop, a leading foodservice product provider, and Vyv, a pioneer in UV-free anti-microbial lighting.

COST ADVANTAGE:

- One-time minimal fee
- Continuously cleans with no additional staff needed
- Good for the environment – no chemical or carbon emissions
- Meets international standards for unlimited exposure, unlimited exposure for people, food, and pets

SELF STANDING LIGHT

*Fits any increment size from 2' and above.
